2. <u>If I were in charge of the world</u>

If I were in charge of the world
I'd cancel
all wars so there would be peace
Quiche, aubergine, courgette, lentils and greenhouse gasses.
Money: everything would be free!

If I were in charge of the world
There'd be
Sweets as vegetables,
more greenery,
endangered speices would be safe,
and 1 extra day for the weekend.

If I were in charge of the world.
You wouldn't have the news as it's so boring you'll fall asleep
You wouldn't have criminals.
You wouldn't have people destroying their lungs
or an unsafe place on Earth.

If I were in charge of the world.
